## HUNTER CLASSICS

### Class Conditions

To be judged on performance and soundness with manners emphasized. To be scored under the open numerical judging system. Each competitor will jump one round of approximately 8-10 fences. The top 12 horses from the first round will return to jump a second round in reverse order of their scores in the first round; lowest score going first and highest score going last. In case of ties, order of those tied will be drawn. Scores will be added from both rounds to determine the winners. In case of a tie for first place only, the tied horses will jump a third round, over a shortened course to break the tie. In all other ties, the prize money will be added and divided equally. There will be a designated class of each section of the Children's Hunters, and Adult Amateur Hunters that will be the first round of the Classic. You must let the show office know if you intend to be judged for the Classic prior to the start of the class.
